

MD. MEHEDI HASAN TUHIN

DATA MANAGEMENT, MIS & DIGITAL SYSTEMS PROFESSIONAL

Dhaka, Bangladesh | +8801711476774 | mehedi.tu@gmail.com | linkedin.com/in/tuhinitsme

PROFESSIONAL SUMMARY

Data management, MIS and digital systems professional with 10+ years of overall technology experience across international development, donor-funded projects and organizational digital operations. Hands-on background in data analysis, GIS and visualization, information systems, data mapping, requirements documentation, platform analytics, reporting and stakeholder coordination. At ICCCAD, contributed to the Climate Finance data layer of AIMS, completed a concurrent Data Analyst assignment for an IUB/London School of Economics project, and manages digital knowledge platforms including the 3,000+ publication Gobeshona repository. Experienced with SQL, Python, Power BI, Tableau, Jupyter, ArcGIS, Mapbox, Gephi, MySQL, Oracle, cloud/web platforms and Microsoft 365; MEAL training supports monitoring and donor-reporting practice.

CORE COMPETENCIES

Data Management & Quality: Data collection, cleaning, validation, integrity and structured reporting

Analytics & Visualization: Excel, SQL, Python, Power BI, Tableau and Jupyter

Databases & Digital Systems: MySQL, Oracle 10g, web platforms, cloud environments and enterprise systems

Web, Cloud & Software Exposure: Web development, Oracle OCI, Azure, Google Cloud, AWS and DigitalOcean

MIS & Information Management: Requirements, functional specifications, data mapping and information workflows

GIS & Network Analysis: ArcGIS, Mapbox, Gephi; spatial and stakeholder relationship analysis

Monitoring & Reporting: Platform analytics, operational reporting, MEAL-aligned monitoring and evidence support

Stakeholder & Team Support: Donor/ministry coordination, technical guidance, training and cross-functional delivery

PROFESSIONAL EXPERIENCE

Coordinator - Web & IT | IT & Digital Systems Lead - International Centre for Climate Change & Development (ICCCAD), Dhaka | May 2017 - Present

- Lead organizational digital systems and information platforms, aligning technology, data, monitoring and reporting needs with programme and institutional requirements.
- Contributed to the Climate Finance data layer of the Aid Information Management System (AIMS), coordinating technical teams and producing functional specifications and data mapping for structured information integration.
- Prepare website/platform analytics and IT operations reports for management, supporting data-informed planning, risk management and continuous digital-service improvement.
- Own core digital knowledge and web platforms end-to-end, including requirements, development coordination, deployment, monitoring and continuous improvement; grew the Gobeshona Knowledge Portal to 3,000+ publications.
- Manage Microsoft 365, cloud-enabled collaboration/storage and digital services while maintaining data security, privacy, access and continuity practices.
- Coordinate internal teams, technical vendors, donors, ministries and international partners, translating operational and programme requirements into functional digital-system solutions.
- Delivered the Jolobayu Barta interactive BOT portal under a donor-funded initiative and designed/launched six project/programme websites in-house.
- Lead the Global Gobeshona Conference digital environment, coordinating 15-20 volunteers and 15-25 staff and supporting 1,500+ global participants with contingency planning and operational reporting.
- Directed digital infrastructure and session logistics across 35 sessions at ICCCAD's UNFCCC COP29 Pavilion in Azerbaijan in 2024.

Selected concurrent ICCCAD/IUB assignments

Data Analyst - Universities as Knowledge Brokers in the Governance of Climate Resilience - IUB / London School of Economics project | Jun 2019 - Feb 2021

- Implemented the project sociometric survey tool and supported stakeholder mapping and structured data collection.
- Analysed survey and semi-structured interview data and identified trends from complex datasets.
- Applied ArcGIS and Mapbox for spatial analysis and Gephi for social-network and relationship analysis.
- Produced best-practice reports using data mining, analysis and visualization for the project team.

Web & IT Officer - Global Gobeshona Conference 2 - Concurrent IUB/ICCCAD project assignment | Apr 2021 - Feb 2022

- Developed the conference website and supporting materials; administered conference platforms, meeting/seminar links and online content.

Technical Project Coordinator - Icon Information Systems Ltd., Dhaka | May 2016 - Apr 2017

- Coordinated donor-funded a2i Innovation Fund digital-service projects involving e-service automation, digital learning and health management solutions.
- Designed UI/UX, coordinated requirements and project workflows, prepared technical studies/cost estimates, built prototypes and wireframes, and supported Agile sprint planning, client engagement and stakeholder training.

IT Executive - Hike Limited, Dhaka | Nov 2015 - Apr 2016

- Managed IT operations across departments, ensuring efficient service delivery and SLA compliance.
- Negotiated and maintained vendor contracts for software, hardware and consulting services.
- Collaborated on ERP module development and integration; supported ERP rollout and digital asset management.
- Led R&D for AR-based digital kiosks and interactive currency machines, collaborating with international vendors.

SELECTED DATA, MIS & DIGITAL HIGHLIGHTS

- AIMS Climate Finance data layer: functional specifications, data mapping and technical-team coordination.
- Data Analyst assignment: sociometric survey implementation, mixed-method dataset analysis, GIS mapping and social-network analysis.
- Gobeshona Knowledge Portal: 3,000+ publications with ongoing knowledge-content management and platform improvement.
- Digital platforms: ICCCAD website, Loss & Damage Forum, Jolobayu Barta, Global Gobeshona Conference platform and LUCCC.

EDUCATION

B.Sc. in Computer Science & Engineering - Daffodil International University, Dhaka | 2015

Higher Secondary Certificate (Science) - Rajshahi Model School & College | 2010

Secondary School Certificate (Science) - Seroil Govt. High School, Rajshahi | 2007

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- MEAL Essentials Certificate - DisasterReady.org / Cornerstone OnDemand Foundation, Aug 2026
- Data Science: Modeling, Integration & Processing - Bangladesh HiTech Park / Divine IT Limited, 2020
- Oracle Cloud Infrastructure Architect Associate - Oracle University, 2025 (renewed)
- Oracle APEX Cloud Developer Certified Professional - Oracle University, 2025
- Oracle Cloud Infrastructure Developer Associate (1Z0-1084-21) - Oracle University, 2021
- Oracle Cloud Infrastructure Foundations Associate (1Z0-1085-21) - Oracle University, 2021
- Digital Transformation with Google Cloud - Google, Oct 2025 | Agile Scrum Foundation Training - Global Skills Development Agency, 2019

TECHNICAL SKILLS

Data & Analytics: Excel, SQL, Python, Power BI, Tableau, Jupyter Notebook, Anaconda | GIS & Network Analysis: ArcGIS, Mapbox, Gephi | Databases: MySQL, Oracle 10g | Cloud & Enterprise: Oracle OCI, Microsoft Azure, Google Cloud, AWS, DigitalOcean, Microsoft 365, SharePoint, Teams | Web & Development: PHP, Node.js, HTML, CSS, JavaScript, WordPress, Bootstrap, jQuery | Delivery: Jira, Asana, requirements documentation, stakeholder coordination, Agile/Scrum

PROFESSIONAL MEMBERSHIP & LANGUAGES

- Member, Bangladesh Computer Society (BCS) — Membership No. M03153, valid until 2028
- Member, Oracle Developer Network, Mozilla Developer Network, and IEEE
- Google Map Maker Contributor (Level 6)
- Participant, Code Warriors' Challenge (BASIS & ICT Division, 2015)
- Participant, Water Hackathon (World Bank, BASIS & a2i, 2014)
- Participant, Youth Engineer Summit (IEB, 2015)
- Former member, DIU Computer & Programming Club (DIUCPC)
- Ex-Cadet Lance Corporal, Bangladesh National Cadet Corps (BNCC)
